Technical details

- **A Clean Style:** The white steel forend with rounded edges gives this lock a modern and elegant aesthetic
- **Strength and Durability:** The robust pressed steel lock body ensures exceptional resistance and lasting longevity
- **Ease of Use:** Thanks to its two-turn mechanism, it opens and closes with a simple gesture
- **Total Adaptability:** The double-throw alloy deadbolt can be reversed without requiring dismantling, adapting perfectly to doors that open to the left or to the right
- **Optimum Security:** The galvanised steel bolt ensures a solid and reliable closure, while the flat zinc-plated steel lock strike plate provides precise engagement
- **Easy Installation:** With its 7 mm square spindle, 70 mm centres and 40 mm backset, fitting it to your doors is child's play
- **Matches Everything:** The white forend harmonises effortlessly with various interior decoration styles, adding a touch of refinement to your environment
- **Warranty and Peace of Mind:** You benefit from a 2-year manufacturer's warranty on this new product, giving you assurance for long-term peace of mind
